

Japan HydraulicUsed Komatsu 56-7/60-7/70-8 excavator for sale, good condition, cheap price

Our Product Introduction

for more products please visit us on used-excavator-machine.com

Basic Information

- Place of Origin: japan
- Brand Name: KOMATSU
- Certification: CE IOS EPA
- Model Number: PC56-7
- Minimum Order Quantity: 1 unit
- Price: 10000USD
- Packaging Details: Container, Bulk Cargo Ship, Flat Rack
- Delivery Time: 10-15 days
- Payment Terms: L/C, T/T, D/A, D/P,
- Supply Ability: Supply Ability 8 units per month

Product Specification

- Weight: 5300KG
- Power: 34.5KW
- Ton: 5T
- Condition: 95% New
- Bucket Capacity: 0.22m³
- Moving Type: Mini Crawler Excavator
- Whatsapp: +8613761829831
- Highlight: 95% Komatsu 0.3m³ 8 PC70 PC,
95% Komatsu 0.3m³ PC8 PC 70,
95% Komatsu 0.3m³ PC8 70 PC

Product Description

Product Description:

Komatsu PC56-7 Excavator Description

Komatsu PC56-7 excavator is a high-performance, versatile device designed to improve construction efficiency and adapt to a variety of complex work environments. This model is equipped with Komatsu S4D87E-1 turbocharged engine, with powerful power and high efficiency. The following is a specific introduction to the excavator:

1.Komatsu PC56-7 Excavator Powerful powertrain

Komatsu PC56-7 excavator is equipped with the Komatsu S4D87E-1 turbocharged engine, rated at 34.5 kW and with a displacement of 2.434 liters, capable of providing steady and powerful power

2.Komatsu PC56-7 Excavator Flexible operation mode

Komatsu PC56-7 Excavator has two operating modes that can be switched according to different operating requirements to improve fuel efficiency and performance

3.Komatsu PC56-7 excavator Wide range of applications

Komatsu PC56-7 excavator is suitable for civil engineering, pipeline laying, infrastructure and other construction projects.

Komatsu PC56-7 excavators are ideal for construction and engineering with their high performance, flexibility, comfort and reliability. Its design and configuration not only improve work efficiency, but also take into account operator comfort and equipment maintenance.

Displacement(L)	2.434
Tonnage (tons)	5
Track width (mm)	400
Total transport length (mm)	5935
Total transport width (mm)	1960
Total transport height (mm)	2550
Location	Shanghai China

Optional Attachments For Excavator:

Various Assistive Devices For Komatsu PC56-7 Excavator

FAQ:

◆HOW DO YOUR PRICES COMPARE WITH MANUFACTURERS/FACTORIES?

We are China's top five second-hand construction machinery manufacturers, factory direct sales of second-hand excavators, loaders, slip loaders, bulldozers, etc., from a lot of comparison and feedback from customers, our prices are more competitive.

◆HOW IS YOUR DELIVERY TIME?

Under normal circumstances, we can immediately deliver conventional machines to customers within 7-10 days, because we have a total of more than 1000 units of excavators, loaders, slip loaders, bulldozers and other equipment inventory can be shipped directly.

◆HOW SOON CAN YOU RESPOND CLIENT INQUIRIES?

Our team is made up of a group of hard-working and dynamic people, working 24/7, ready to respond to customer needs and questions, most of which can be resolved within 8 hours.

◆WHICH PAYMENT TERMS CAN YOU ACCEPT?

Usually we can use telegraphic transfer or letter of credit, and sometimes we can use DP.

(1) By wire transfer, 30% deposit is required, 70% balance is settled before delivery, long-term cooperation customers can be settled with a copy of the original bill of lading.

(2) Using letter of credit, 100% irrevocable and internationally recognized letter of credit without "soft terms"! It is acceptable, please ask the sales manager you work with for advice.

◆WHICH INCOTERMS 2010 TERMS CAN YOU WORK?

We are a professional and experienced international company that can deal with INCOTERMS 2010, we usually deal with general terms such as FOB, CFR, CIF, CIP, DAP etc

◆HOW LONG WILL YOUR PRICE BE VALID?

We are a gentle and friendly supplier, never greedy for excessive profits. Our prices have remained basically stable throughout the year. We will only adjust our prices based on two situations:

- (1) The exchange rate between US dollar and RMB changes greatly with the change of international currency exchange rate;
- (2) Due to the increase in labor costs and raw material costs, the factory adjusted the price of the machine.

◆WHAT LOGISTICS WAYS YOU CAN WORK FOR SHIPMENT?

We can ship construction machinery by various means of transport

- (1) 80% of our cargo will be shipped by sea, either in containers or ro-ro/bulk to major continents such as Africa, South America, the Middle East, Oceania and Southeast Asia
- (2) China's inland neighboring countries, such as Russia, Mongolia, Kazakhstan, Kyrgyzstan, Tajikistan, Uzbekistan, Turkmenistan, etc. We can transport machines by road or rail.
- (3) For urgently needed lightweight spare parts, we can use international Courier services such as DHL, TNT, UPS or Fedex
